HANDGUN 101 CLASSES

Guns ARE dangerous... in the hands of an un-trained person. This class will cover: How Bullets work - How the gun functions - Proper grip and trigger control - Proper stance - Proper sight picture and alignment - Dry practice - First shots on a paper target - Introduction to defensive shooting – How to fix the 3 types of malfunctions you will experience with your handgun & cleaning your gun .

This class is for the beginner who has never shot a handgun or had very little trigger time. You will leave with a complete understanding of how your gun works and feel comfortable in having your gun by your side or in your house. This class will guarantee you pass the shooting portion of the Texas License to Carry class.
