Door & Room clearing in our Live Fire Shoot-house / Non-Standard Presentation techniques

As of Jan 2019, Nomads Tactical range has more than 440,000 square feet of training space designed and built specifically for defensive training. We are the largest public range and training facility in NE Texas.

Nomads training style creates a unique experience and skill-set that can't be found through the US Military, NRA, TCOLE or TCLEOSE alone. The training we offer is blended from the best of each of these as well as Israeli and Scotland Yard techniques also Front Sight Firearms training facility outside Las Vegas, NV. Our instructors have been trained in each of these disciplines above to create this unique blend that is guaranteed to bring each student to a level that is un-paralleled in the US; shooting better than 95% of all gun owners. This is not your typical Active Shooter class. The objective is to Deter it from happening and Defend if it does. This class is for the few that are going to STOP it from happening... the Sheepdogs!

The School Safety Officer class will include an onsite Active Killer safety / awareness class for all other, non-armed employees and is 100% business tax deductible. Classes will be held onsite at your campus & Nomads training facility South of Chandler, TX.

*Texas Certified School Safety Officer class was designed as the legal way a trained ISD employee can carry a firearm on school property with permission from the superintendent. This is the least restrictive, certified TxDPS law allowing the ISD full say and control over who, when & where an ISD employee can carry. All other school safety programs have strict rules and over sight from TxDPS. Each passing student will receive a Texas DPS certificate of completion. This is also referred to as the Guardian Plan. (See attachment)

Your Host, Owner & Director of training: **Dennis Weimer**

Texas Commissioned Security Officer
Texas Licensed Personal Protection Officer
Texas Certified School Safety Officer Instructor

US Federal Firearms Licensed Dealer
NFA / ATF Firearms class III Dealer
Certified NRA Range Safety Officer
Certified NRA Pistol Instructor
NRA Lifetime Member

Nomads specialize in defensive training of individuals and teams of local churches, schools and businesses helping them build security plans that are indigenous to their campus.

Candidates must have basic gun handling skills, if not, they will be required to attend my 101 class to prepare them for the advance training they will be receiving. A discounted, additional fee will apply to these students.

All candidates must have their Texas License to Carry (LTC) by law; this offered at a discounted rate for each as needed, including support staff.

Candidates must practice what they've learned... A Standard membership to Nomads range is included with this class which provides a 50% discount off normal range fees for one year. (\$200 value)

Nomads program includes a site recon at each campus to identify areas of possible concern due to understandable complacency. Formation of a plan will stop issues before they arise.

Option #1. Active Killer class with NO FIREARMS training: \$560 for up to 16 people – apx 4 hours included a site recon with a SOP (standard operating procedure)

Option #2. Non-Certified Defensive Firearms class: \$200 / student – apx 7 hours

Option #3. Texas School Safety Certification class WITH FIREARMS training (student will receive certificate) \$1385 for student #1 per campus –(includes Option 1 at this location)
\$875 for each additional firearms student per campus.

THESE PROGRAMS ARE 100% BUSINESS TAX DEDUCTIBLE

Classes, dates and payments can be tailored to campus availability and budgets.
